

THE INSTITUTION OF FIRE ENGINEERS

FOUNDED 1918 • INCORPORATED 1924

SCHEDULE OF FEES AND ANNUAL SUBSCRIPTIONS

1. APPLICATION FEES

Chartered Engineer and Incorporated Engineer

There are two routes to membership. The Standard Route (for applicants with exemplifying qualifications as defined by EC^{UK}) and the Individual Route (for all other applicants). The route that an applicant will follow will be identified after receipt of his/her application. Applicants are only required to pay an Initial Application Fee when submitting their application.

Initial Application Fees		
Chartered Engineer	£70	To be submitted with application
Incorporated Engineer	£66	
Interview Fee	£80	Charged to all applicants progressing to Professional Review Interview

Engineering Technician

Standard Route (Route A) Application Fee	£50
Workplace Assessment (Route B) Application Fee	£80
Technical Report Assessment option	£50
Technical Report Interview fee	£80

Interim Registrant for Chartered Engineer

Application Fee	£60
-----------------	-----

Interim Registrant for Incorporated Engineer

Application Fee	£60
-----------------	-----

2. ANNUAL SUBSCRIPTIONS FOR REGISTRANTS

Chartered Engineer	£66
Interim Registrant for Chartered Engineer	£46
Incorporated Engineer	£56
Interim Registrant for Incorporated Engineer	£46
Engineering Technician	£40

3. ANNUAL IFE MEMBERSHIP SUBSCRIPTIONS

Subscriptions payable by members of the Registrants Group are in addition to those payable for their respective membership grade in the Institution and are payable on acceptance into the Registrants Group.

Membership subscriptions payable to the Institution of Fire Engineers, according to grade of membership, are as follows:

Fellow	£126
Member	£82
Associate	£68
Graduate	£56
Technician	£48
UK Student	£38
Overseas Student	£27
Affiliate Individual	£68

4. ENGINEERING COUNCIL ENTRY FEES (payable in year of entry)

If your EC^{UK} registration is through the Institution, the Engineering Council makes the following charges. These payments are collected by the Institution and then paid by the Institution to the Engineering Council and are in addition to the subscription and annual fees shown above.

Chartered Engineer	£46
Interim Registrant for Chartered Engineer	£9
Incorporated Engineer	£36
Interim Registrant for Incorporated Engineer	£9
Engineering Technician	£15

5. ENGINEERING COUNCIL ANNUAL REGISTRATION FEES (following year of entry)

After the first year of entry, annual Engineering Council Registration Fees are collected by the Institution and paid over to the Engineering Council.

Chartered Engineer	£29
Interim Registrant for Chartered Engineer	£9
Incorporated Engineer	£24
Interim Registrant for Incorporated Engineer	£9
Engineering Technician	£14

Retired registrants and those experiencing hardship can apply to the Institution to pay reduced fees. Please contact gill.haynes@ife.org.uk for further information.

6. PAYMENT OF FEES & ANNUAL SUBSCRIPTIONS

1. Applications for entry into the IFE Registrants Group must be accompanied by the appropriate application fee.
2. Once an application has been processed and approved by the Registrants Group and membership of the Institution of Fire Engineers has also been granted, the applicant will be informed. At this time the following subscriptions will be due for payment:

- (i) The annual subscription of the Institution of Fire Engineers.

[Please note that this does not apply to those applicants who are already in membership of the Institution and who have already paid the annual subscription or who have made direct debit arrangements for the payment thereof.]

- (ii) The appropriate annual subscription in respect to membership of the Registrants Group

- (iii) The appropriate Engineering Council entry registration fee.

[Please note that an applicant to the Registrants Group who is already a registered engineer through another Licensed Member will not be required to pay Engineering Council registration fees. However, registrants can opt for ECUK fees to be collected via the IFE rather than another Institution.]

6. TAX RELIEF – ANNUAL SUBSCRIPTIONS AND REGISTRATION FEES

Annual membership subscriptions payable to the Institution of Fire Engineers, including those in respect to the Registrants Group, may be deducted from the emoluments of any office or employment to be assessed for tax, if defrayed out of those emoluments.

Applicants to the Registrants Group, on registration with the Engineering Council, will be entitled to tax relief on the annual registration fee only. In making a claim for tax relief in respect of the annual Engineering Council registration fees, please indicate clearly that the payment has been made in respect of annual registration fees to the Engineering Council and not to the Institution of Fire Engineers.
